## IN READINESS AT LATONIA

LAST MEETING OF THE KENTUCKY CIRCUIT  
OPENS TODAY WITH GOOD PROSPECTS.

Good Racers to Contest the Latonia Autumn Inaugural Handicap—Over Seven Hundred Horses  
Now at Track and More to Come.

Cincinnati, O., October 8.—With everything in thorough readiness at Latonia for tomorrow's opening of the fall meeting of sixteen days, prospects for the sport never appeared more propitious at any previous fall reunion than in the present instance.

Local interest in the coming racing is in excess of that formerly shown and there is a larger contingent of out-of-town horsemen here than was noticed at Louisville. Most of the newcomers are from the Canadian circuit and their horses have augmented the Kentucky contingent to such an extent that stall space here is taxed to capacity. The plant, with its many new improvements, never appeared to better advantage. Not a single trace of the damage done by the severe storm of last summer is to be noticed. The repairs are solid and substantial and built with a view to permanency.

Already 700 horses are quartered at the track and arrivals continue. The Latonia Autumn Inaugural Handicap, with \$2,000 added, at one mile and a sixteenth, is the headliner of the card of seven races offered patrons of the sport. This race has some good horses named as starters and it should result in an interesting contest.

Busy scenes are enacted in the stable yards throughout the day, continuous arrivals from Louisville keeping the horsemen on the move. The Canadian tracks also contributed additions, the newcomers including William Walker and Ed Trotter.

In order to expedite the betting General Manager MacIntosh has decided to put in operation tomorrow thirty-four ticket machines, the employment of which will require thirty-four ticket sellers and a like number of clickers. There will be thirty-five cashiers in line.

The rule passed by the Kentucky State Racing Commission yesterday, pertaining to the stewards, goes into effect here tomorrow.

The officials who have been occupying the upper part of the judges' pagoda exclusively, will hereafter rotate in serving in the judges' stand at the starting point and at a point where the patrol judge serves. Whoever's turn it is to serve in the judges' stand will act as chief official of the day and he also will be expected to put in an appearance at the track in the forenoon to excuse horses for cause.

An innovation will be introduced by posting on a huge blackboard opposite the stand the score by innings of the world's championship baseball series.

## GENERAL NEWS NOTES OF THE DAY.

From Paris yesterday a dispatch said: Soldiers wounded at the capture of Tabure are of the opinion that the French are gaining the upper hand, not only through their artillery, but because of the gallantry and dash of the infantry. At the rate things are going, said a wounded sergeant major, it will be a long time before the Germans are in a position to think of a counter offensive. Our heavy artillery sprays quick their rear formation, paralyzing the bringing up of reinforcements and supplies. The last prisoners captured at Tabure had not eaten in forty-eight hours and had no cartridges. The cannonading continued last night, both sides taking part to the north of Arras; in the direction of Souchez and its environs, as well as in the sector of La Felle and near hill No. 140. There was considerable activity on the part of the artillery of the enemy, together with answering fire from our guns in the region of Roye and to the north of the River Aisne in the direction of Tracy le Val and at the forest of St. Mar. In the Champagne district the Germans violently bombarded our positions behind the roads running from St. Hilaire to St. Souplet, and from Souain to Souain-Py. Our batteries everywhere replied to this fire with great energy. Active fighting took place in the connecting trenches to the southeast of Tabure in the direction of the Butte de Mesnil. Between the Argonne and the Meuse one of the French main forces of Malancourt shattered some sapping works of the enemy. The night passed in relative quiet on the remainder of the front.

A dispatch of yesterday from Nish, Serbia, said: Warfare between the allies and Teutonic armies in the Balkans is actually under way today. The diplomatic rupture between Serbia and Bulgaria is complete. The foreign office has handed his passports to the Bulgarian minister. Following the invasion of Serbia yesterday by German and Austro-Hungarian forces, said to number 400,000, Bulgaria and Russia entered the fray. German aviators sent from Bulgaria dropped bombs on Belgrade and Nish. At Nish two persons were killed and five injured. With the opening of the offensive by Bulgaria, Russia also joined in the Balkan fray. Two Russian cruisers of Varna. Meanwhile the French and British are rushing forces from Saloniki through Greece to Serbia, to resist the Teutons in their drive to Turkey. The Greek government is not opposing the landing of allied troops at Saloniki or their passage through Greece. A decision has been reached by its attitude of "benevolent neutrality" toward the belligerent powers, according to a dispatch from Athens. The objective point of both the allied and Teutonic forces at present is the Saloniki-Nish railroad, the only source by which the Serbians can be supplied with munitions of war. The Anglo-French forces are rushing northward to prevent the Bulgarians, supported by the Teutons, from capturing this road.

Since the war in Europe started more than 2,000,000 men have been killed; the wounded number nearly 4,000,000, while the total number of prisoners and missing is more than 2,000,000. These are conservative minimum figures compiled from the best available data and make public here tonight for the first time. The figures are based on official reports made in the house of commons from totals printed in the newspapers and from data gathered from other sources. The table follows:

	Killed.	Wounded.	Missing.	Total.
Gr. Britain.	85,000	251,000	55,000	391,000
France	400,000	700,000	300,000	1,400,000
Russia	500,000	800,000	900,000	2,200,000
Italy	5,000	15,000	5,000	25,000
Belgium	25,000	40,000	15,000	80,000
Serbia	20,000	40,000	10,000	70,000
Germany	600,000	1,000,000	300,000	1,900,000
Austria	400,000	700,000	700,000	1,800,000
Turkey	30,000	80,000	20,000	130,000
Total	2,066,000	3,626,000	2,305,000	7,997,000

Colorado's Supreme Court has admitted John R. Lawson to bail in the sum of \$25,000. Lawson was sentenced some time ago to life imprisonment on a charge of murdering John Kimmo, deputy sheriff, killed in a strike riot near Ludlow in October, 1913. The Supreme Court granted a supersedeas and writ of error, but the question of admitting Lawson to bail was then left undecided. The union labor leader is in jail at Trinidad, where he was imprisoned last summer after Judge Granby Hilmyer denied his motion for a new trial. Judge Hilmyer

## COMPARATIVE STANDING OF THIS YEAR'S LEADING AMERICAN BROODMARE SIRE

By Dr. M. M. LEACH

We are rapidly approaching that season of the year when broodmares are put up at public auction and it may be of interest, as well as value to our breeders, to know how the leading broodmare sires stand this year.

Not since the Kentucky Farmer and Breeder passed out of existence has a winning broodmare sire list been published in North America, but a list of this kind must be a great help to progressive breeders, who can be brought to realize that certain strains of blood are far more productive of good broodmares than others. I have long contended that more success will come from the outcross and balancing of the blood lines plan of mating than by following any other known plan. Return the best blood of the dam to the best blood in the sire of the sire, if you will, but leave the figures alone, and I think a study of the appended table will bear me out. Verily this year is a triumph for the house of Herod. Hamburg, a Herod horse, heads the poll, followed by his own sire, Hanover, one of the greatest of all broodmare sires. I have not in this list run out the names of the different mares and the winning produce, holding this in reserve until the end of the year, when breeders will be able to study it at their leisure.

Hamburg's main dependence for his exalted position is Jersey Lightning, dam of Regret, Barnegat and the Futurity winner, Thunderer. Adriana has produced Coquette and Celandria, Hammerhead's Reel, Golden Jay, and the dam of Sam Slick, and Adroit, and Hamburg, come what may, is absolutely assured of first place for 1915.

Hanover, the runner up, has topped the list in other days, but Hanover's daughters are getting along in years. Hanover died in 1889, so that the youngest of them cannot be less than fifteen years of age. Hanover's record as a broodmare dam is indeed a remarkable one, and he now leads all others in the number of races won, but Hanover owes his position, this year, mainly to numerical strength. Nothing out of any of his daughters, this year, has shown anything approaching first-class form. The Canadian dam of Brandywine, ten Ch. 1884 (dead), has done best. Tea's Over, as customary, has out a stake winner in Tea Caddy. Its too much to expect these Hanover mares to go on forever, but Hamburg, his son, reigns in his stead.

Sir Dixon has third place and, like Hanover, owes his success to quantity rather than quality. Agnes Virginia is the dam of the Spinaway winner Jacana and Druid is the dam of Irrawaddy and Gainer. Meddler some years ago was carted off to France and I am unable to ascertain if he is still in the land of the living. If so, the horse must have attained to the ripe old age of twenty-five. Meddler's best is Front From, dam of twenty-five, six years, including that smart jumper Swish. Stalwart's sister, Perverse, has done well with Pesky and Stubbhorn.

Next in order comes Star Shoot, the only living stallion which holds a place in both the winning stallion and broodmare sire lists. Livonia, Star Shoot's daughter, has produced The Finn, winner of six races and \$11,450 in first money alone. Star Cat has Star Jasmine (five wins), Progressive and Puss in Boots, probably the best two-year-old filly of the year, running for her, and the daughters of Star Shoot have made a most auspicious beginning, due probably to the Hermit strain of his dam, Astrology. Exile, another Herod, has only four producing daughters, but Old Forget is a veritable host in herself, and is the dam of Borrow, whose earnings this year alone total up over \$20,000, and of Slumberer, which has a half dozen brackets opposite his name.

Dominio's daughters do well. Especially so in the production of fleet two-year-olds. Dominio is the leading money earner amongst the juveniles, leading Thunderer by an even hundred. Noonday, Cap and Bells and Running Stream all merit recognition. Hindoo, Herod again. Three

has since been barred by the Supreme Court from presiding at further strike trials. It is believed that the Supreme Court will reverse the case on appeal and that Lawson ultimately will go free under the governor's amnesty plan affecting participants in the strike. A second trial is not expected.

Terrific hammering by French artillery has worn down the German power of resistance in the Champagne region, some dispatches received Thursday from the front. The German second line trenches are crumbling under the heavy pounding of shells and there are indications that the enemy's line is about to give way along a wide front. In one of their latest infantry charges the French virtually reached the coveted railway behind the German lines. The German-Py-Souain highroad penetrated their line in the direction of Ste. Marie, which is on that railway, the Chalranze-Bazancourt line, but declare the French were driven back. It is known, however, that the French are within two miles of the railway north of Tabure and experts predict they will reach it and cut off this German means of communication within a fortnight.

A well-defined earthquake shock was felt at San Francisco at 9:26 o'clock Thursday night. There were two distinct tremors, both sharp enough to sway buildings slightly and rattle doors and windows. At 9:35 another disturbance, much milder, was experienced. Considerable excitement, especially to strangers, was caused by the quakes, but the alarm quickly subsided. Four shocks were felt in Berkeley, across the bay from San Francisco, the first registering on the seismograph at the University of California an intensity of "6." The big earthquake of 1906 was classed as an "8." The disturbances, the university observatory authorities said, was purely local.

Chicago's big, new municipal pier at the foot of Grand avenue has been named in honor of Commodore James A. Pugh. According to action taken by the harbor commission at a recent meeting the official title of the structure in the future will be the Pugh municipal pier. Construction of the pier was first suggested by Commodore Pugh, and he had plans all drawn for private construction of it when the city decided to make it a municipal enterprise. He turned over a permit he had obtained from the secretary of war and co-operated with the city in getting the pier under way.

President Wilson approves the decision of Secretary McAdoo to recommend that Congress retain the present duty on sugar until normal conditions are restored, and that the deficiency tax measure, which expires automatically December 31, be extended until the end of the European war. The President is known to believe that the European war has had such an effect on industrial conditions that both measures will be necessary to help build up the revenues of the government.

The Anglo-French troops, which were landed at Saloniki with the tacit consent of the Greek government, are being hurried northward to assist Serbia and, if possible, keep the Bulgarians from capturing the Saloniki-Nish Railroad, the only source by which the Serbians can be fed with munitions of war.

Three sons of the French General Edouard de Castelnau have lost their lives at the

generations of the Glencoe line find representation in this table, has done well, though the class of his offspring may perhaps fall short of those of other days.

Star Ruby mares are coming on famously. This might have been anticipated, and I also look for the daughters of another Elmendorf stallion, Watercross, to succeed in this line. Star Ruby is bred for a broodmare sire, by Hampton from Ornament, by Bend Or out of Lily Agnes, by Macaroni, Herod. Kingston is the sole representative of the house of Matchem amongst the twenty leading broodmare sires, and I am disappointed in the failure of the daughters of Hastings to produce anything of first class.

Rayon d'Or's position is noteworthy. The St. Leger winner died so long ago as 1896, so that the youngest of his daughters must be eighteen, yet St. Priscilla is the dam of the Suburban winner Stromboli and Flittemouse, one of the last of Rayon d'Or's get, is the dam of Fenmouse, winner of eight good races this season.

Daughters of The Commoner are responsible for the production of a number of winners, though rather deficient in good class. Daughters, too, of Knight of the Thistle are coming forward in no uncertain manner. Ben Strome is disappointing and the patriarch of the elect is Himyar, which was foaled as far back as 1875 and lived to be thirty in his Tennessee home.

Mares of the Hanover descent, mares by Star Ruby, Star Shoot, Knight of the Thistle, mares which show the blood of Rayon d'Or, Himyar, Sir Dixon, Meddler, are well worth while and worthy to find a place in any man's stud.

front. Two of them were killed some time ago and the death of the other, Second Lieutenant Hugues de Castelnau, who was wounded in the recent fighting in Artois, was announced yesterday.

The Empress of Britain, former Canadian Pacific liner, but commandeered by the British government as a troopship at the outbreak of the war, was towed back to port at Liverpool yesterday, badly damaged by a fire of unknown origin that broke out as she was passing out of the Mersey.

Two masked men early yesterday held up and robbed a Baltimore & Ohio express train from New York to St. Louis, two miles west of Central Station, W. Va. Their booty was taken from mail cars, according to reports received at Wheeling, and was believed to be large.

Twenty-three inhabitants of La Colorado, a mining town in the Hermosillo, Sonora, district, were massacred by Yaqui Indians, who captured the town this week, according to reports received at Douglas, Arizona. Women and children were beaten to death, it was said.

That allied airmen have raided Liege was reported yesterday when five heavy explosions were heard from that direction, said a dispatch from Gemminch, north of the Belgian city.

For opposing Bulgaria's entrance into the war, leaders of the Agrarian party are being arrested wholesale, Sofia dispatches to Budapest said yesterday.

## ANSWERS TO QUERIES.

Communications without names and addresses will not be noticed nor answered. No answers will be sent by mail and none by wire unless reply prepayment is made at time of wiring query.

J. B. C., Edwardsville, Ill. Barnegat was scratched from the Ontario Jockey Club Cup, won by Rancher at Toronto September 25.

J. A. M., New Orleans, La. In the World's Fair Handicap won by Colonial Girl at St. Louis, June 25, 1904, the horses were at the post seven minutes.

Fred S., Detroit, Mich. The sum of \$8.20 was due you. It suggests that in such matters you might express your intention so clearly that no controversy could arise.

Wm. McK., New York. Margaret D. was one of the horses killed July 7 near Cincinnati, when a horse train was wrecked in a violent storm, resulting in the death and injury of a number of men and horses.

## JOCKEY GARNER STILL IN THE COURTS.

Lexington, Ky., October 8.—A motion for an injunction was filed today in the circuit court to restrain jockey Mack Garner from riding for any person other than W. M. Cain. The services of Garner have been litigated since last spring, when he quit the employ of Cain, to whom he was apprenticed, to ride for J. L. Holland. Thus far Cain has been sustained, although the boy has continued in Holland's service.

## LAUREL CARD IS INFERIOR

BUT THE SELLING PLATERS GRADE WELL  
AND FURNISH GOOD RACING.

Royal Meteor Continues on His Winning Way—

Devil Fish Takes a Race—Shrapnel Outstays Virginia M.—Joyner Sends a Two-Year-Old Over.

Laurel, Md., October 8.—A card of six races, five of which were under selling conditions, brought together an inferior grade of horses this afternoon, but despite the absence of a stake race, an interesting afternoon's sport was enjoyed. A race at one mile and a sixteenth was accorded the position usually given over to the stakes and handicaps, and this brought together a fair field. Royal Meteor, which, by the way, is showing something of a return to his one-time good form, was returned an easy winner over Carlton G. and His Nibs. Luther, one of the choicest, wheeled when the barrier was released and was left at the post. The winner is locally owned and his victory was a profitable one for the Baltimore contingent.

The going showed no improvement over that of yesterday, being deep and holding and calling for the best efforts of the mud runners sent to the post. Overcast the weather conditions cleared up and this resulted in a noticeable increase in the attendance in the grandstand and lawns. The clubhouse contingent was also well represented, many notables in the social world journeying over from Washington and Baltimore.

Emil Herz scored his first victory of the meeting when Devil Fish, one of his English horses, took a mediocre band into camp in the opening dash. He was much the best and won accordingly.

In the race for two-year-olds C. W. Campbell's Shrapnel repeated his recent victory over Virginia M. The two raced head and head and Shrapnel won drawing out. Fairweather was the medium of staunch support in the betting but the best he could do was to finish third.

H. G. Bedwell's Pardner was badly cut down during the running of the Howard Selling Stakes yesterday and his injuries may keep him away from the races for some time.

W. P. Riggs left for New York tonight to be present at the Locust Valley races of the Piping Rock Association tomorrow, where he will officiate in the judges' stand.

Joseph McLennan is busy himself with the book for the coming Bowie meeting. The applications for stabling for the meeting have been so great that all of the horsemen will not be accommodated on the grounds and several will have to go to Benning. For the convenience of these the W. B. & A. electric line has decided to run a daily horse special from the old Washington course to the track.

Jockey C. Turner has been on the sick list for a few days. Little Nearer, C. H. Robbins' good plater, will make his second effort through the field at the coming Pimlico meeting. John Whalen has been schooling him for some time and he is being pointed for the cross-country races to be offered. Silas Velthe raced Little Nearer through the field one year, but since that time he has been a good racer on the flat for Whalen.

James Rowe and Dr. R. W. McNelly were among the arrivals today. Starter McGinty came from Toronto and E. J. Crawford was another who came on from the same city.

Perugno, a two-year-old by St. Victor—Perugia, sent over from England by A. J. Joyner, reached Laurel today and was turned over to Albert Simons. It is intended to race him this fall.

W. R. Coe, owner of the Shoshone Stable, has returned from his western ranch at Cody, Wyo. He is establishing a thoroughbred stud on his far western estate and, in addition to a number of mares that have been shipped west, he has Nonpareil, a horse he purchased from T. F. Shedy, and which won a blue ribbon at the Laurel fair a few years back. He also has the good three-year-old Lampon, that he bought from Frederick Johnson. Jacoba, winner of the Spinaway Stakes at Saratoga, the filly that Mr. Coe purchased at J. L. Holland's disposal sale, he has Nonpareil, a horse he purchased from T. F. Shedy, and which won a blue ribbon at the Laurel fair a few years back. He also has the good three-year-old Lampon, that he bought from Frederick Johnson. ## OAKLAND TRACK BEING DISMANTLED.

The old Emeryville track seems doomed to Memoryville. When the announcement was made that Thomas Williams had given up his lease it was thought that the Golden Gate Thoroughbred Breeders' Association would make an effort to secure the plant and use it for the turf revival that was initiated with the exposition meeting. President Charles W. Clark has been out of town, however, and Secretary James C. Nealon says that nothing has been done to get in touch with the situation. It is evident that the Breeders would hardly assume the lease at this time with the meeting of the Legislature almost a year and a half away before they will know if the movement to bring back the thoroughbreds is looked upon with favor.

John Hubert Mee, in charge of the Mee estate, which owns the property, says that he is going ahead with the work of receiving bids to dismantle and wreck the buildings. The track and grounds will eventually be cut up in factory sites and buildings and within a short time the famous race course will pass out of existence.

With Tanforan on the market to be sold and the possibility that the Federal authorities will not continue the exposition track after the exposition is over, it is possible that San Francisco may be without a course for the horses to race over even if the law-makers decide to create a state racing commission to bring back the horse.—San Francisco Chronicle.

## KENTUCKY BREEDING FIRM TO RETIRE.

Lexington, Ky., October 8.—Messrs. Stone and Bucker, of Georgetown, Ky. have decided to dispose of their entire stud of thoroughbreds and have arranged with The Kentucky Sales Company to sell them in this city on the evening of October 28. There are twenty-eight head in this stud, which includes the two stallions Toddington and Hurst Park, seventeen mares and nine weanlings. The mares are bred to such horses as Ballot, Sweep, Peep O'Day, Sain, Toddington and Hurst Park, while the weanlings are the get of Sweep, Toddington and Hurst Park. Among the mares are Kin Rose by Kingston—Royal Rose, dam of Americaner and Scrutiner; Ans by Albert—Triolet, dam of Louise Stone; Lenny by Ducat—La Paloma, dam of Hollybush by Yankee—Trilette, dam of Tattler; Tinker by Handspring—Frankie, dam of Waterloo; Adelaide Royer by Sain—Masara; Lady Illsey by Lord Lorne—Flutter, dam of Water War, etc.

In addition to this lot Mr. Curtis Field will offer the good mares Sue Smith, dam of Meridian, Winning Witch, etc.; Ethel Pace, dam of Alfred Noble, House Maid, David Warfield, etc.; Rose Pampou, dam of Lieutenant Sawyer, Rose Ring, She'll Do, etc., and others.

CURRENT NOTES OF THE TURF.

Raincoat's victory in the St. Leger Handicap came in the way of posthumous honor to his sire, Pink Coat, which was one of the most popular winners of the American Derby and a nailing good race horse. Pink Coat died away up in the northwest near Calgary as a Canadian Breeding Bureau station and deserved a better fate. Considering that he sired a Kentucky Derby winner in Pink Star and a Latonia Derby winner in Pinkola, it is a wonder that he was not given a better chance in the stud in Kentucky.

LOWER PRICES OF ENGLISH YEARLINGS.

The sales of yearlings at Newmarket, England, which began September 14 took the place of those previously held annually at Doncaster while the September meeting was in progress there. A previous sale had taken place at Newmarket a couple of weeks before. The average of prices for the two sales was 196 guineas, or to be exact, in our money, \$1,018.40. The greatest at any of the Doncaster sales was that of 1913, when 321 yearlings sold for the remarkable average of 689 guineas (\$3,582.80). In this connection a writer in London Sporting Life gave the following instructive comparison of prices received at these since 1908, and said:

"The two sets of yearling sales at Newmarket work out, I find, at an average of 196 guineas per lot, as compared with 249 guineas at the last Doncaster series. The number of yearlings disposed of during the last two Newmarket meetings shows a considerable increase over that of last year at Doncaster, and if the general average has dropped by some fifty guineas there is nothing startling in this. It appears, on the other hand, after more than a year of warfare, to be a highly satisfactory one, and if, of course, the comparison between the high-water mark as represented by the 1913 figures and the totals realized in several of the preceding years, is striking, breeders are not in the least likely to be discouraged from continuing, as the war cannot last beyond a given period, after which prices must inevitably go up with a bound again."

The following is a comparative table of results, covering the years 1908-1915:

THOROUGHBRED YEARLINGS TO BE SOLD.

The last sale of yearlings exclusively for 1915 will be held at the Latonia race track on Tuesday, October 19, when The Kentucky Sales Company will offer sixty head from such well-known breeders as T. J. & G. H. Clay (Balgowan Stud), George J. Long (Bashford Manor), S. K. Nichols, W. Sheveller, C. C. Patrick, Barney Schreiber, Mrs. T. J. Carson, A. L. Ferguson, Charlton Alexander, John D. Carr, B. D. Knight, O. H. Chant, (Spendthrift Stud), Thomas Platt, J. E. Madden (Hamburg Place) and C. W. Reidinger. These yearlings include the get of such well-known horses as Alivescot, Ballot, Bannockburn, Ben Trovato, Bourbon Beau, Box, Cyclades, Dick Finnell, Dick Welles, Fair Play, George Kessler, Hammon, Hastings, Jack Atkin, McGee, Magneto, Marathon, Maria Santa, Nasturtium, Order, Patriot, Peep o' Day, Peter Quince, Sain, Sempronius, Sir Iton, Toddington, Transvaal, Waterlooy, Hessian and Star Shoot.

Some of the best yearlings offered during the entire year appear in this catalogue, which may be had by addressing The Kentucky Sales Company at Lexington. Some of those catalogued have been broken or tried and it is a clean, fresh, up-to-date band that should appeal to all buyers looking for something to race in the juvenile division of the coming year.

# DAILY RACING FORM

The only daily newspaper in existence devoted to the thoroughbred horse and the running turf. All American form charts by telegraph, with indexed entries. Compact, correct, cleanly edited and printed. Publisher of a Monthly Form Book of the highest value to students of racing.

Handicap figures on all entries. No tips; just the mathematical calculations of experts.

No opinions; just the news of each day by wire.

The index numbers are always correct.

Daily Racing Form is a model of correct detail in newspaperdom.

**TERMS: 5 cents per copy. \$1.50 per month. \$17.00 per annum.**

As plain enveloped letter; first-class mail. Single copies by mail, 6 cents.

Circulates in the United States, Canada, Mexico, Continental Europe, Great Britain, Cuba, the Philippines.

On sale each day before noon in Chicago, New York, Philadelphia, Baltimore, Washington, Boston, Montreal, Ottawa, Toronto, St. Louis, Cincinnati, Detroit, Pittsburgh, Louisville, Cleveland, Buffalo and points between, and shortly after noon in Kansas City and correspondingly distant points,
